Audi

Manufacturer Safety Recall issued

- NHTSA #17V781
- Recall # 20AR FUEL LINE
- Status: Remedy Available

Locate an authorized [Audi dealer](#) to obtain more information about this recall

- [Learn more about this recall](#)

Description: The fuel line was designed with a compression point to assist in installation. Due to manufacturing tolerance issues, this part of the fuel line may weaken and leak over time. Leaking fuel, in the presence of an ignition source, can lead to a fire.

Remedy: Under this recall, dealers will replace the affected fuel line.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
